- Trainees at IBS's training activities are mainly nominated by institutions that contributes in covering IBS expenses (e.g. Central Bank of Jordan, working traditional and Islamic banks, and specialized financial institutions set by IBS Board of Directors (BOD)), local financial institutions, and other local institutions. The rest of trainees are nominated by institutions from outside Jordan or private self-funded individuals.

- Refunds for all trainees, regardless of the cost of tuition, will be calculated based on the trainee's period of financial obligation, trainee's last day of attendance (LDA).
- Period of Financial obligation is considered based on the portion of the program for which the trainee is legally obligated to pay, which may be less than the full program and may not.
- In case a trainee attends at least one class/ session but did not completed his/her course/program, the following will be applied taking into consideration that the trainee is not eligible for any refund after the halfway point (50%) of the enrolled in activity exceeded:

- a) No refunds are applicable if the training course / program length is equal or less than 30 training hours (special exception may occur; refer to paragraph (c) below).
- b) If the training course /program length is more than 30 training hours, refund is applicable. Refund calculation will depend on the pro rata portion not completed (based on the actually remained not attended training hours out of the training activity's total training hours) multiplied by the total tuition paid after deducting any additional non-refundable fees (refer to "Non-Refundable Fees" below). Refund calculation equation will be as follows:

**REFUND DUE =**

**[(Total Tuition - Itemized nonrefundable additional fees) X (the remained not attended training hours / activity's total training hours)]**

- c) Some mutual programs in cooperation with regional/international institutions may require special arrangements regarding the refund issue according to the mutual consent between IBS and the regional/international partner.
- d) In case a registration for a certification examination was cancelled or no showcase occurred; the refund policy of the certification's issuing body will be applied.

**REFUND DUE DATES:**

1. If a nominee cancels prior to the start of scheduled training activity or never attends class (no-show case); all refunds due will be settled within forty-five (45) calendar days of the first scheduled day of the training activity or the date of cancellation, whichever is earlier.

For the nominee who attends at least one training session at the institute but does not complete his/ her program; the refund due will be calculated using the last date of attendance (LDA) and will be settled within forty-five (45) calendar days from the documented date of determination (DOD). The date of determination is the date the trainee gives written or verbal notice of withdrawal to the IBS or the date the IBS terminates or administratively withdraws the trainee. In case the trainee provides advanced notice of withdrawal such that the 45-days window for refund processing ends before the last date of attendance (LDA), the refund must be paid within forty-five (45) calendar days from the last date of attendance.
